Subject: RE: Requesting Approval - PostDoc Seminar
Date: Tuesday, September 26, 2023 at 6:42:51 AM Mountain Standard Time
From: Erin Stephens
To: Gabriela Burnett
Attachments: image002.jpg

Gabriela,

This is approved to PG10696. Thank you!

Erin Stephens, Business Operations Manager
Arizona State University, School of Mathematical and Statistical Sciences
Office: (480) 965-3952

From: Gabriela Burnett <Gabriela.Burnett@asu.edu>
Sent: Monday, September 25, 2023 4:27 PM
To: Erin Stephens <E.Stephens@asu.edu>
Subject: Requesting Approval - PostDoc Seminar

Erin,

Per Donatella's request, I'd like approval for funds to purchase pizza for the upcoming PostDoc Seminars. I would like to allocate \$120 per seminar.

Business Purpose:

The purpose of this transaction is to purchase pizza from Venezia's for the upcoming PostDoc Seminars. The seminars are hosted by the School of Mathematical and Statistical Sciences and consist of presentations done by the schools Post Doc's on their research. This type of interaction builds relationships and strengthens the mathematical and social community of our school, which in turn will build affinity for the school and the university.

Thanks,

Gabriela J. Burnett

Join us for tomorrow's Postdoc Seminar with Xiaofan Yuan at 11:30am in WXLR A206.

Postdoc Seminar

Tuesday, March 26

11:15-11:30am pizza lunch

11:30am - 12:30pm talk

WXLR A206

Pizza will be available starting at 11:15pm (first come, first served).

Xiaofan Yuan
Postdoctoral Associate
Arizona State University

A tight bound on $\{C_3, C_5\}$ -free connected graphs with positive Lin-Lu-Yau Ricci curvature

We prove that any simple $\{C_3, C_5\}$ -free non-empty connected graph G with LLY curvature bounded below by $\kappa > 0$ has the order at most $2^{\frac{2}{\kappa}}$. This upper bound is achieved if and only if G is a hypercube Q_d and $\kappa = \frac{2}{d}$ for some integer $d \geq 1$. This is joint work with E.G.K.M.Gamlath, Xiaonan Liu, and Linyuan Lu.
